

Results Submission Form:

Team EmdeSports is interested in posting as many results for our athletes as we possibly can. Everyone can be very proud of their accomplishments and we'd like to list them on the team website. Every result is important, not just podium finishes in "Big races." Send in your result and we'll get it on the web!

Results will be updated twice per month. Those submitted by the 15th will be included at months end while those submitted after should be posted by the following 15th or as time allows. Those results NOT submitted cannot be guaranteed to be included.
